

New services:

FTP server rental: Our FTP servers are available for rent for a short or longer period of time.
Get your own login and transfer all size files at any time.

ExpeDat file transfer: A tool to transfer big files/numbers of files worldwide.
An alternative to FTP, if you need the job done quickly.
File size: 10-200GB (shorts, features etc.).

Cinema 4D Render Farm: We have a Cinema 4D Render Farm running 24 hours a day - so you can always get your Frames rendered.
All access via web (login, upload, download).
Technical info: Cores: 348 - GigaHertz: 1100 GHz

Room rental: Our Multirooms are available for rent, eg. for client presentations.
Programs such as Final Cut, Premiere Pro, Avid, Smoke and DaVinci are available for use.
Presented in HD on a Plasma Screen and/or a Grade 1 HD monitor.

Storyboarding & Concept Design: We have a lot of experience with illustrating and storyboard creation.
Feel free to contact us and lets create some amazing storytelling.

Contact booking@duckling.dk for additional information.
